Information to the Automated Export System**

## **About the Automated Export System (AES) and the Data**

The AES is the primary instrument used for collecting export trade data, which are used by the Census Bureau for statistical purposes. The AES record provides the means for collecting data on U.S. exports. Public Law 107-228 of the Foreign Trade Relations Act of 2003 authorizes this collection. Title 13, U.S.C., Chapter 9, Sections 301-307, mandates the collection of these data. The data collected in the AES is confidential under Section 301(g), which prohibits public disclosure of export data collected by the Census Bureau unless the Secretary of Commerce determines that such exemption would be contrary to the national interest. The regulatory provisions detailing the mandatory reporting of these data are contained in the Foreign Trade Regulations (FTR), Title 15, Code of Federal Regulations (CFR), Part 30.

The official export statistics collected from these tools provide the basic component for the compilation of the U.S. position on merchandise trade. These data are an essential component of the monthly totals provided in the U.S. International Trade in Goods and Services (FT900) press release, a principal economic indicator and a primary component of the Gross Domestic Product.

In addition to developing the FT900, other federal agencies have used the data for export control purposes to detect and prevent the export of certain items by unauthorized parties or to unauthorized destinations or end users.

### ***Burden Estimate***

Public reporting burden for this collection of information is estimated to average approximately 3 minutes (.05 hour) per transaction for the Automated Export System, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: ECON Survey Comments 0607-0152, U.S. Census Bureau, 4600 Silver Hill Road, Room EMD-6K064, Washington, DC 20233. You may e-mail comments to [ECON.Survey.Comments@census.gov](mailto:ECON.Survey.Comments@census.gov). Be sure to use ECON Survey Comments 0607-0152 as the subject. This collection has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number is 0607-0152. Without this approval we could not conduct this survey.

## General Information on Shipments

Before learning to file Electronic Export Information (EEI) using *AES Direct*, here is some general information regarding EEI. We will refer to EEI as “Shipments” from this point forward.

### Sections in each shipment

#### Shipment

Contains general shipment information.  
(Required for all shipments.)

#### Commodities

Contains commodity information.  
(Required for all shipments.)

#### Parties

Contains information about the USPPI (the person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction), the Ultimate Consignee (the person or entity overseas who receives the product), and the Freight Forwarder and Intermediate Consignee (if applicable). (Required for all shipments.)

#### Transportation

Contains transportation details for the shipment, including carrier information.  
(Required for all shipments.)

## Special Shipments

**Routed export transactions** - Transactions where the Foreign Principal Party in Interest (FPPI) authorizes a U.S. agent to facilitate export of items from the United States on its behalf and also prepare and file the shipment.

**Shipments to Puerto Rico** – The following is required:

- List a Port of Unlading
- Addresses should be listed with:
  - City – List municipality in Puerto Rico
  - State – Indicate Puerto Rico (PR)
  - Country – Indicate United States (U.S.)
  - Postal Code – Indicate a valid postal code in Puerto Rico

**Shipments From Puerto Rico** – The following is required:

- List a Port of Unlading
- Addresses should be listed with:
  - City – Indicate city of destination
  - Country – Indicate country of destination

**Transshipments** through Mexico, Canada or another foreign country, the mode of transportation is the mode of the carrier transporting the goods out of the United States.

**Sold en Route** – If the Ultimate Consignee is unknown at the time of export because your cargo will be sold while at sea, click the **Sold en Route** box. If selected, you must update all consignee information within **four** calendar days of export. Information should be stated as:

- **Ultimate Consignee Company Name:** Sold en Route
- **Address 1:** SEA
- **City:** City of First Port of Call
- **Country:** Country of First Port of Call

**Mail** - If the carrier is the United States Postal Service (USPS), select “Mail” as the mode of transportation. Leave the Carrier SCAC/IATA and Conveyance Name/Carrier Name fields blank.

## Parties Involved in an Export Transaction

---

### Definitions of Parties in the AES

- **U.S. Principal Party in Interest (USPPI)**  
The USPPI is the person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction.
- **Ultimate Consignee**  
The ultimate consignee is the person, party or designee that is located abroad and actually receives the export shipment. This may be the end-user or FPPI.
- **Foreign Principal Party in Interest (FPPI)**  
The party abroad who purchases the goods for export or to whom final delivery or end-use of the goods will be made. This may be the ultimate consignee.
- **Intermediate Consignee**  
The intermediate consignee is the person or entity in the foreign country that acts as an agent for the principal party in interest with the purpose of effecting delivery of items to the ultimate consignee.
- **Freight Forwarder – Authorized Agent**  
The person in the United States who is authorized by the principal party in interest to facilitate the movement of the cargo from the United States to the foreign destination and/or prepare and file the required documentation.

## Log in to Account

Step	Action
1	Go to <a href="https://ace.cbp.dhs.gov">https://ace.cbp.dhs.gov</a> .
2	Enter Username and Password
3	Click <b>Continue</b> .

## Create Export Filing

Step	Action
1	Log in to ACE account.
2	Navigate to Main Menu.
4	 <p>The screenshot shows the ACE Main Menu interface. At the top, there are two green buttons: '+ Create Export Filing' (highlighted with a red box) and 'Create from Template'. Below these is a search bar. The main content area is a table with columns: Consignee, Destination, and Shipment Actions. The table lists three consignees: UC, CONSIGNEE INC, and VAN CONSIGNEE, each with a destination code and flag, and corresponding action links (Amend, Print, Cancel EEI, Edit, Delete).</p>

Click **Create Export Filing**.

The following sections provide instructions for completing each of the required sections, as well as definitions of all of the data fields for each section.

## Step 1: Shipment

Step	Action
1	<div> Step 1: Shipment Step 2: Parties Step 3: Commodities Step 4: Transportation </div> <p>Select <b>Step 1: Shipment</b></p>
2	Complete all of the shipment details as required.

## Explanation of Data Fields for this section

**E-mail Response Address** – This is where the AES Response will be sent. More than one e-mail address can be added if separated by commas.

*Required: at least one e-mail*

**Shipment Reference Number** – This is a unique identification number (1 - 17 alphanumeric characters) used to identify each shipment. The reuse of a Shipment Reference Number is prohibited. We recommend that you establish a unique format to create Shipment Reference Numbers and maintain a log of those already used.

*Required: unique number used to identify each shipment; cannot be re-used*

**Filing Option** – Select the filing option you wish to use for this EEI:  
2 – Predeparture, 3P- AEI – Partial, 3F – AEI – Complete, 4 –Postdeparture  
filing. This field will default to Option 2. Postdeparture and Advanced  
Export Information (AEI) filing is only available with approved USSPPI IDs  
and for EEI that meet the requirements for postdeparture (AEI) filing.

*Required: state the filing option  
of this EEI*

**Mode of Transport (MOT)** - Report the method by which the  
goods are exported from the U.S.

*Required: how the goods will be  
transported out of the U.S.*

For shipments crossing through Canada or Mexico to another  
destination, report the mode of transportation for the movement of  
the goods out of the United States.

**Port of Export** – Seaport or airport where the goods are loaded  
on the exporting carrier that is taking the goods out of the United  
States, or the port where the exports (by overland transportation)  
cross the U.S. border into a foreign country.

*Required: port where the goods  
are loaded on the exporting  
carrier*

**Port of Unlading** – First port where the goods will be removed  
from the exporting carrier.

*Conditional: required for all vessel  
shipments and air shipments  
between the U.S. and Puerto Rico.*

**Departure Date** - Report the date of export out of the U.S.

*Required: date leaving the U.S.*

**Origin State** - Indicate where the goods begin their journey to the  
port of export. If a shipment is coming from more than one  
warehouse located in different states, provide the state with the  
commodity of greatest value. If this is unknown, provide the state  
where the commodities are consolidated for export.

*Required: state where the  
goods begin their journey to  
the port of export*

**Country of Destination** - Country where the goods will be  
consumed, further processed, stored or manufactured as known  
at the time of export. For shipments with the ultimate destination  
of Puerto Rico, select 'Puerto Rico' from the drop-down.

*Required: country where the  
goods will be consumed*

**Inbond Code** – The code indicating whether the shipment is being transported under bond, and if so, the type of withdrawal.

*Required: Inbond shipments may not require an AES filing per FTR 30.2(d)(1)*

**Foreign Trade Zone (FTZ)** - Provide the alphanumeric code assigned by the Foreign Trade Zone Board from where goods are withdrawn for export. Foreign Trade Zones are specially licensed commercial and industrial areas or areas near ports of entry where foreign and domestic goods may be brought in without being subject to payment of Customs duties.

*Conditional: only required if goods are removed from the FTZ and not entered for consumption*

**Import Entry #** – If an Inbond Code is specified, report import entry number

*Conditional: only required if Inbond Code is reported*

**Is this a Routed Transaction?**  
A shipment is considered “Routed” when the foreign principal party in interest (FPPI) authorizes a U.S. Freight Forwarder or U.S. agent to facilitate the export of items, prepare and file the EEI on its behalf.

*Required: indicate yes if routed or no if standard*

**Are USPPI and Ultimate Consignee related?**  
When USPPI and/or Ultimate Consignee owns directly or indirectly 10 percent or more of either party.

*Required: indicate yes or no*

**Does shipment contain hazardous material?**  
Specify if there is any hazardous merchandise (as defined by the [Department of Transportation](#)).

*Required: indicate yes or no*

**Step 2: Parties**

Step	Action
1	<div><div>Step 1: Shipment</div><div>Step 2: Parties</div><div>Step 3: Commodities</div><div>Step 4: Transportation</div></div> <div>Select <b>Step 2: Parties</b></div>

**Export Information Code** - Select the code that identifies the type or condition of the export transaction being made.

*Required: type of export*

**Schedule B or HTS Number** – Report commodity classification codes. Some HTS Numbers are not valid for Export (see [“Invalid HTS”](#)). Provide 10 digits without periods. If you do not have a Schedule B number, use the ‘Schedule B Search Engine’ link to locate it.

*Conditional: Not required if Export Code is HH (personal and household effects and tools of the trade) is selected.*

**Commodity Description** - Report an appropriate description for the commodity.

*Required: commercial description*

**1<sup>st</sup> and 2<sup>nd</sup> Quantity** - Report the total quantity of the commodity being exported for each commodity code classification. Report in the unit of measure as required by the Schedule B or HTS Number.

*Conditional: Not required if Export Code is HH (personal and household effects and tools of the trade) is selected.*

**1<sup>st</sup> and 2<sup>nd</sup> UOM**- The Unit of Measure (UOM) is determined by the Schedule B or HTS number entered. When a valid Schedule B or Harmonized Tariff number is entered, the unit of measure required will automatically populate.

*Conditional: Not required if Export Code is HH.*

**Origin of Goods** - Select “domestic” if commodity is grown, produced or manufactured in the U.S. Select “foreign” for goods grown, produced or manufactured in foreign countries, but have not been changed in form or condition in the U.S.

*Conditional: not required if Export Code is HH. If the origins vary for the same classification number, report foreign goods separately from domestic goods.*

**Value of Goods** - Report the value of the goods at the U.S. port of export. The value shall be the selling price of the goods including inland or domestic freight, insurance, and other charges to the U.S. For details, see Foreign Trade Regulations 30.6 (a)(17).

*Required: selling price in whole numbers, no symbols. Only report \$US dollars*

**Shipping Weight** - Must be reported in kilograms. Include the weight of the commodity and weight of normal packaging. For details, see Foreign Trade Regulations 30.6(a)(16).

*Required: weight in whole numbers, no symbols*

**ECCN** - This number is used to identify items on the Commerce Control List (CCL).

*Conditional: Only required for certain commodities*

A complete listing of license codes and descriptions for the U.S. Department of Commerce, Office of Foreign Assets Control (OFAC), Nuclear Regulatory Commission, U.S. Department of State and other Partnership Agency licenses, can be found under Appendix F of the [AES Trade Interface Requirements](#) (AESTIR).

**License Type Code/License Exemption Code** - Select the appropriate license type for the commodity. You may be required to enter additional information based on the license type selected.

*Required: determines if other fields need to be reported*

**Does the filing include used vehicles?** - A used vehicle, according to [Customs and Border Protection CFR 192.2](#), is defined as “any self-propelled vehicle the equitable or legal title to which has been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser.” You will be required to complete additional information if you are reporting a used vehicle.

*Required: indicate yes or no*

**Agriculture and Marketing Services (AMS) Permit Required** - Does the filing require an Agriculture and Marketing Services (AMS) permit?

*Required: indicate yes or no, complete additional fields as required.*

**Environmental Protection Agency (EPA) Permit Required** - Does the filing require an Environmental Protection Agency (EPA) Permit?

*Required: indicate yes or no complete additional fields as required.*

## Adding more than one commodity

Commodity lines should be separated based on their commodity classification code, origin of goods, commodities valued at over \$2500, or requiring an export license per commodity classification code. After saving the first commodity, select “Add Line” to open a new Commodity Line.

## Template Manager

---

This feature saves frequent shipment information. The only fields not stored in a template are:

- Shipment Reference Number
- Transportation Reference Number
- Origin State
- Departure Date
- 1<sup>st</sup> and 2<sup>nd</sup> Quantity
- Value
- Gross Weight

The Template Manager shows a preview of each template. The **Create EEI**, **Edit** or **Delete** options will allow you to manage your templates directly from this screen.

## AES Responses

---

Once shipments are processed by the Automated Export System (AES), a response message will indicate the status of the shipment. You can access responses in your **response e-mail** or through the **Shipment Manager**.

### Response E-mail

E-mails are sent to the address listed in the Shipment section. If the filing has been accepted, then the Response E-mail will have your ITN included. If the filing has been rejected, the Response E-mail will provide you with a rejection statement.

## AES Proof of Filing Citations

---

The **ITN** (Internal Transaction Number) is a confirmation number that proves a shipment has been accepted by AES. This number is unique for every shipment and must be provided to the U.S. Customs and Border Protection (CBP) at the port of export.

Exporters **must** cite the ITN on the first page of the bill of lading, air waybill, and/or other commercial loading documents.

### **Predeparture and Advanced Export Citations (AEI) Citations :**

- AES ITN
  - Example: AES X20151002111111

### **Postdeparture Citations:**

- If an Authorized Agent files on behalf of an approved post-departure participant
  - AESPOST USPPI ID FILER ID Date of Export
  - Example: AESPOST 12345678900 987654321 10/01/2015
- If USPPI files shipments directly to AES
  - AESPOST USPPI ID – Date of Export
  - Example: AESPOST 23456789000 10/01/2015
